Thank you for your cooperation. We are looking forward to an exciting and successful year!

*The Fourth Grade Teachers*

June, 2017

Dear Fourth Grader,

WELCOME TO FOURTH GRADE! The fourth grade teachers are anxious to meet you in September. Some of the things you can look forward to in fourth grade are; spirit days, assemblies, exciting literature, engaging conversation and discussion, mathematical discoveries, publishing celebrations and enriching trips. This summer, we are confident that you will write all about your adventures in your writer's notebook. This is a great way to keep your writing skills sharp. We encourage daily reading to continue reinforcing fluency and comprehension skills. Please continue practicing your addition, subtraction, and multiplication facts. We expect all the students to know their multiplication facts through 12 x 12. This will help you be prepared for the new challenges of 4th grade math.

**Some important September dates to note are:**

September 7: First Day of School ☺

September 13: Meet the Teacher/ Family Night

September 21- 22: No School for Rosh Hashanah

We hope you have a fabulous Summer!

Sincerely,

Fourth Grade Teachers
