

Dear Families,

Due to inclement weather, New York City public school buildings are closed on 12/17/2020. While buildings may be closed, school will be in session remotely for all students. Students are expected to log on and engage with their work from home as they do on other remote days.

Middle and high school students who are already learning remotely every day are expected to attend school remotely, regardless of the weather.

Please note that all DOE meal hubs will be closed.

Do not hesitate to contact us if you have any questions.

Sincerely,

Dora Danner
