

Dear Families,

Our students will have **free access to the myON** digital library and daily news articles they can access from home during the current COVID-19 school closure period.

This will help them continue reading and learning—and provide additional opportunities for them to explore topics they are interested in.

What’s available

The **myON digital library** includes thousands of digital books with optional reading supports for students from pre-K through grade 12.

Five daily **myON News articles**, which are written for students and reviewed by a child psychologist, are available along with an archive of previous issues.

These resources can be accessed on any digital device that is connected to the Internet and are available 24/7. Books from the myON digital library can also be downloaded onto mobile devices for offline reading.

How to log into myON:
