

 WELCOME TO
Second Grade

September, 2020

Hello Parents.

Welcome to *Remote Learning* where instruction will be *interesting, engaging, and challenging*, as well as a *time of discovery and growth*. Education has always been a partnership of Parents and Teachers. However, we will need to rely on each other more than in the past to ensure your child experiences academic success and emotional growth. Your child will have many responsibilities this year such as using *online materials and resources, completing assignments, creating projects for Science and Social Studies* along with other task throughout the year. Students are expected to read daily, write *fiction and nonfiction* stories, practice their math skills such as adding & subtracting, along with learning time and calendar skills. I am confident that as we collaborate together, your child will accomplish their academic goals.

Supply List:

5 Notebooks: Math, Phonics, Reading, Writing, Social Studies/Science
1 Box of number 2 pencils
1 Box of Markers
Construction paper (projects)
Index cards (to make Flash Cards)

Sincerely,
Ms. Horrey and 2nd Grade team

Official School Hours: (8:30am to 2:00pm)
