## The Principal's Corner

Dear P.S.234 Families.

I hope this message finds you well and that the first part of the winter season has treated you kindly. As we step into February, I wanted to take a moment to reflect on the exciting activities and important observances we have planned for this month.

Respect for All Week is happening soon, and it's a time for us to come together as a community and reflect on the values that make our school so special. Respect is the foundation of everything we do here, and it's essential that we foster an environment where every individual feels valued and heard. To promote this, we have a number of fun and meaningful events planned, including:

10th Annual Selfie Awareness Campaign - Let's spread positivity and awareness through creative selfies that celebrate kindness, empathy, and respect.

Superhero Day - Dress up as your favorite superhero to remind us that we all have the power to make a difference in someone's life.

Crazy Hat and Hair Day - Let's get creative and have some fun with our wackiest hats and hairstyles!

100th Day of School Celebration - It's hard to believe we've already hit the 100-day mark! We'll celebrate with fun activities to reflect on how far we've come.

We also want to acknowledge Black History Month, a time to honor the tremendous contributions of African Americans throughout history and reflect on their enduring impact on our nation and world. We will be celebrating all month long with special lessons, discussions, and events aimed at deepening our understanding and appreciation of Black history and culture.

Mid-Winter Recess will be from February 17th to the 21st. While most of us are taking a break, we'll be offering a Winter Camp for grades K-5 on February 18th and 19th. This will be a wonderful opportunity for our students to stay engaged in fun, educational activities over the

Also, let's give a huge shoutout to our Basketball team, the Ballers, who have made it to the playoffs! They'll be playing this Saturday, February 8th, and if they win their first game, they'll have a chance to compete for the championship.

Finally, I hope all of our students are making progress on their science projects. Don't forget, the School Science Expo is coming up on March 21st, and I know many of you are already working hard to showcase your creativity and scientific thinking.

Thank you all for your continued dedication, positivity, and respect for one another. I'm looking forward to seeing you at the events, cheering on the Ballers, and celebrating the incredible work our students are doing!
